

# **Water & Sewerage Master Plan Amendment**

Public Hearing Presentation March 6, 2023

# Background

The County Water & Sewer Master Plan is a document that supports the continued development of water supply and wastewater disposal in Garrett County, on a ten-year cycle. This plan is amended as needed, as systems are expanded, and improvements are proposed to better serve the County.

# Summary of Amendments

## 01

### **MDE Approval: March 2017**

Map & text updates for expanding sewer services in the Chestnut Ridge area & Deep Creek Lake Sewer Service Areas, and Expanding Water Service Areas in Loch Lynn, Deer Park, and Thayerville

## 02

### **MDE Approval May 2017**

Map table and text Updates for the Deep Creek, Trout Run Sewer Service Areas, and Bloomington Water Service Area.
